The heat is on! You've been gifted a year's worth of small-batch, craft hot sauces, sourced by Fuego Box. Fuego Box searches high and low for the best hot sauces in all the land—and delivers the spicy goodness right to your door! They're not impressed by gimmicks or tongue-burning hotness; they value good flavor (with just the right amount of heat) above all else.

Your first box will include 3 different hot sauces, a tasting notebook, and a couple extra sauce samples for good measure.

Every 3 months for the rest of the year, another box will arrive at your doorstep with 3 new hot sauces. That's a total of 12 smoky, vinegary, fiery, peppery sauces, for tacos, eggs, and more...

Because everything (and we mean everything) is better with a little hot sauce.
